Upgrading the Pacific Highway

Ballina bypass

Improved concept design

The NSW Roads and Traffic Authority (RTA) has commenced initial construction works on the Ballina bypass Pacific Highway upgrade.

As part of a review, the RTA has improved the concept design. **The improved concept design is now on display.**

Information is available in the June 2007 community update and the Improvements to the Concept Design Report.

A copy of the community update will be available in the 21 June 2007 issue of the Ballina Shire Advocate.

Copies of the community update and report are also available on the project website or by contacting the project information line (see details below).

The improved concept design is on display until Friday 20 July 2007.
